

Whether you wish a mailbox to accentuate your home or to add flair to your landscaping, our unique and patented designs will fit your need.

Our mailbox styles have been custom designed and tested to meet the USPS requirements for safety and functionality.

Our Unique Mailbox Designs are available through one of our distributors or online at our website.

Mailbox II

Mailbox II is our first mailbox design, mimics a forked tree trunk with a log on top for the mailbox.

Mailbox II stands approximately 52 - 54 inches tall and is approximately 24 inches deep with a 12 inch width for ample mail storage.

Each mailbox comes with the optional grapevine as a decorative accessory for no extra charge. A 4" X 4" post is required for mounting with only a maximum required height that ranges from 18 to 24 inches sticking out of the ground.

Standard 2" adhesive lettering not included.

All of our products are 100% made in the USA and support our local economy. Our mailboxes have been tested to withstand Nature's toughest conditions and are impact resistant even under the most extreme weather situations.

All our product designs are protected under several patents granted by the United States Patent Office and are uniquely ours.

Six years has been spent developing and patenting our simulated wooden mailbox designs and we are very happy to bring you a product that will enhance the beauty and value of your home.

Mailbox IV

Mailbox IV our 2nd design is called the woodpecker hole in a knotty trunk design. This has become our most popular design among people who get the newspaper in above average moisture conditions.

Description: Mailbox IV stand approximately 52 - 54 inches tall and is approximately 24 inches deep with a 12 inch width for ample mail storage.

Mailbox V

Mailbox V our 3rd mailbox in the series is the curved trunk design. This spartan design has the advertising hanger but no separate newspaper holder has been designed into the mold.

Designed for the minimalist who wants a straight forward and functional structure.

Description: Mailbox V is approximately 52 - 54 inches tall and is approximately 24 inches deep with a 12 inch width for ample mail storage.
